2023 SoutheastRegionalSieger Show

2023 StandardEvaluation(SE)

March

17th (Standard Evaluations)

18th and 19th(Sieger Shows)

Judges:

AlfredoEstrada-Santiago (FCI- Mexico)

Jouni Nummela(FCI - Finland)

Judge Alfredo Estrada - Santiago

FCI - Mexico

Rottweiler breeder since 1990

- 44 of my breeds have become Mexican Champions
- 10 of my breeds have become Great Mexican Champion
- 5 of my breeds have become Latin American Champion
- 8 of my breeds has become International Champion
- 1 of my breeds has become Intercontinental Champion
- 5 of my breeds has become a Pan-American Champion
- 11 of my breeds have won Specialized Shows with Judges from Europe, USA and Mexico
- 1 of my breeds has won America's Champion in 2007
- I won the prize as Best Rottweiler Breeder in Mexico during 2000 and 2001 years

I participated in the foundation the Working and Conformation Rottweiler Club in Mexico City. I was the President for the first four years and now days I am the Secretary. One of my breeds was the Best Mexican Breed in Mexico during 2004. One of my breeds got the All Breeds Puppy Third Place for the 2007 Ranking. I have National License to judge the Working, Shepherd, Companion, and Terriers Groups. I have judged specialized shows in Mexico (2), Argentina, Brazil (10), Italy, Canada (2) Canada RKNA 1, Peru, USA for the USRC (5), USA for the ARC (3), USA for the RKNA (2), Colombia, Ecuador (2), Bolivia (2) and Australia (2). In July 2006 judged some classes for the IFR World Championship in México. Made one of my Apprentices as a Rottweiler Judge in the 2003 IFR Rottweiler World Shows in Portugal. This was with Judges: Carla Lenzi, Josef Hedl, Fernando Lucas Martin and Antony Spindler. My wife and I launched in 2004 the first Specialized Rottweiler Magazine in México. Belonged to the IFR Council from 2006 to 2009.

North Florida Rottweiler Klub

Welcome to the URKA Inc. Sieger Show and Southeast Regional Sieger Show!!!

Our goal is to offer a warm welcoming place for everyone who loves the Rottweiler to build friendships and share our knowledge for the betterment of the Rottweiler. We would like all participants to help each other and to be the finest examples of sportsmanship so that everyone can leave this venue with a positive experience.

We would like to thank our judges for coming to judge our shows and to offer all of us some of their vast amount of knowledge about Rottweilers. Please show our judges that true hospitality and warmth are a pivotal part of our Rottweiler world. There will be mobile food trucks on the premises throughout both days. Please visit them Lunch breaks will be at the judges' discretion. If you want to fish in the lakes, please be aware of critters/alligators in your immediate area. For this reason, no dogs are allowed in the lakes. Restrooms are located behind the show ring. Please keep your Rottweilers away from the show ring until they are ready to be shown. Please do not bring any dogs that are not entered in the class within 50 feet of the show ring. All dogs must be on a leash at all times when not crated. No tie-outs allowed. Please do not approach another dog without the owner's approval.

I hope that you will not only enjoy the shows, but you will be able to explore our host city, Tallahassee. There are many things to explore: Florida State Capitol, Mission San Luis, Tallahassee Museum, Alfred B. Maclay Gardens State Park, Florida Governor's Mansion, Tallahassee Automobile Museum, and countless other staples of the "big bend" of Florida.

If you see Mrs. Elizabeth Greenman (owner of Misty Lakes) throughout the weekend, please offer her your gratitude for usage of her private property to host this wonderful show. Without her open arms this venue would not have been possible.

Quinn Brumfield

Breeder: Jennifer Miller
Owner: Corey Kresse, Co-owner: Jennifer Miller

Standard Evaluations (SE)

URKA Standard Evaluation Title (SE): The URKA SE title is not a breed test title as it is a certified conformation analysis and consists of measurement, grading of eye color, dentition check and show critique. The dog's conformation must be judged of breeding quality and free of disqualifying faults. The owner must provide a weight certificate signed by a vet within 20 days prior to the test. The dog must have a passing hip and elbow rating, have been tested for JLPP and have permanent identification (tattoo or microchip). The Rottweiler is assessed for conformation and soundness.

The test includes everything on the dog being measured or evaluated, including: height at wither, body length, muzzle, chest depth, chest circumference, skull, eye color, bite and dentition, bone strength, head shape, cheek bone, and general behavior.

- I. Dog will be weighed, measured and critiqued. A weight (issued within 20 days of the test) may be substituted for weighing the dog if no scale is available. Character traits of the dog become more or less apparent during the weighing and measuring process.
- II. The tattoo or microchip number shall be read out loud as part of the measuring and critique.
- III. The following test will be done to establish the interaction in a group and sensitivity to noise:
 - a. The Group. The handler with dog on leash walks through a group of five to eight people. The handler and dog return to the center of the group where the dog sits. The group, when instructed by the judge, converges on the dog and handler and remains there until told by the judge to disperse.
 - b. The Gun. The handler and dog walk away from the judge. At a distance of fifteen paces, a 22 short blank starter pistol or its equivalent is fired twice with a short interval in between each shot. Should the dog have a reaction to the gunfire, this exercise may be varied and repeated at the judge's discretion. If the dog continues to show a strong reaction to gunfire, the test is stopped and the dog does not pass.

Original paperwork must be presented to Show Secretary upon registration at show. This includes registration papers and health certification papers. If titles are to be recorded on the Standard Evaluation, proof of titles must be shown (score book and current membership card from organization to the score book is held with, title certificates, etc.).

Judge Jouni Nummela

FCI - Finland

Greetings Rottweiler enthusiasts. It is a great pleasure and honor to receive an invitation to review your special exhibition. This is the second time that I have been able to visit your country to review Rottweilers, for which I am grateful to the organizers. I am 55 years old, and I got my first Rottweiler in 1992. Although she was a bitch, since then we have only owned males. I first trained as a service dog test judge and then went on to become chief justice; a position I still hold. I criticize the obedience sections as well as the national tracking test, of course also the BH tests. In addition to judging the test, I also trained as a show judge for a Rottweiler. I got review rights for the breed in 2014 and I have also expanded to other breeds currently having my own review rights for about 35 breeds in FCI groups 1 and 2. I serve as the chairman of the Finnish Rottweiler Association and as an inspector of the breed's appearance. There have been two or three Rottweilers in my home at a time, currently 1.5-year-old Rexlean Seco can be found at home. Having reviewed Rottweilers in special exhibitions around the world, I have had the pleasure of judging Rottweilers in Spain, France, Lithuania, Belgium, England, USA, Serbia, Sweden, Russia, South Africa, Holland, Norway, Latvia, Australia, Czech Republic, Indonesia, Estonia and Hungary, not forgetting Finland. I am looking forward to the show, and I am sure we will be celebrating a great Rottweiler event with our beloved breed.

Rottweiler regards

Jouni

Rottweiler

TRANSLATION: Mrs. Chris Seidler. **Revised by Peter Friedrich.**

ORIGIN: Germany.

DATE OF PUBLICATION OF THE ORIGINAL VALID

STANDARD: 15.06.2018.

UTILIZATION: Companion, service and working dog.

FCI-CLASSIFICATION:

Group 2 Pinscher and Schnauzer type, Molossian,
Swiss Mountain and Cattle Dogs.

Section 2.1 Molossian type, Mastiff type.

With working trial.

BRIEF HISTORICAL SUMMARY: The Rottweiler is considered to be one of the oldest dog breeds. Its origin goes back to Roman times. These dogs were kept as herder or driving dogs. They marched over the Alps with the Roman legions, protecting the humans and driving their cattle. In the region of Rottweil, these dogs met and mixed with the native dogs in a natural crossing. The main task of the Rottweiler now became the driving and guarding of the herds of cattle and the defence of their masters and their property. This breed acquired its name from the old free city of Rottweil and was known as the "Rottweil butcher's dog". The butchers bred this type of dog purely for performance and usefulness. In due course, a first rate watch and driving dog evolved which could also be used as a draught dog. When, at the beginning of the twentieth century, various breeds were needed for police service, the Rottweiler was amongst those tested. It soon became evident that the breed was highly suitable for the tasks set by police service and therefore they were officially recognized as police dogs in 1910.

Rottweiler breeders aim at a dog of abundant strength, black coated with clearly defined rich tan markings, whose powerful appearance does not lack nobility and which is exceptionally well suited to being a companion, service, **rescue** and working dog.

GENERAL APPEARANCE: The Rottweiler is a medium to large size, stalwart dog, neither heavy nor light and neither leggy nor weedy. His correctly proportioned, compact and powerful build leads to the conclusion of great strength, agility and endurance.

IMPORTANT PROPORTIONS: The length of the body, measured from the point of the sternum (breast-bone) to the ischiatic tuberosity, should not exceed the height at the withers by, at most, 15%.

BEHAVIOUR / TEMPERAMENT: The Rottweiler is good-natured, placid in basic disposition, very devoted, obedient, biddable and eager to work. His appearance is natural and rustic, his behaviour self-assured, steady and fearless. He reacts to his surroundings with great alertness **and at the same time even-tempered.**

HEAD

CRANIAL REGION:

Skull: Of medium length, **relatively** broad between the ears. Forehead line moderately arched as seen from the side. Occipital bone well developed without being conspicuous.

Stop: **Stop relatively strong. Frontal groove not too deep.**

FACIAL REGION:

Nose: Well developed, more broad than round with relatively large nostrils, always black.

Muzzle: The foreface should appear neither elongated nor shortened in relation to the cranial region.

The ratio between the length of the muzzle and the length of the skull is about 1 to 1,5. Straight nasal bridge, broad at base, moderately tapered.

Lips: Black, close fitting, corner of the mouth not visible, gum as dark as possible.

Jaws/Teeth: Upper and lower jaw strong and broad. Strong, complete dentition (42 teeth) with scissor bite, the upper incisors closely overlapping the lower incisors.

Cheeks: Zygomatic arches pronounced.

Eyes: Of medium size, almond-shaped, dark brown in colour.

Eyelids: Close fitting.

Ears: Medium-sized, pendant, triangular, wide apart, set on high. With the ears laid forward close to the head, the skull appears to be broadened.

NECK: Strong, of fair length, well muscled, slightly arched, clean, free from throatiness, without **excessive** dewlap.

BODY:

Back: Straight, strong, firm.

Loins: Short, strong and deep.

Croup: Broad, of medium length, slightly rounded. Neither flat nor falling away.

Chest: Roomy, broad and deep (approximately 50% of the shoulder height) with well developed forechest and well sprung ribs.

Belly: Flanks not tucked up.

TAIL: In natural condition, strong, level in extension of the upper line; **while paying attention, when excited or while moving it can be carried upward in a light curve;** at ease may be hanging. **While positioned along the leg, the tail reaches approximately to the hocks or is a bit longer.**

LIMBS

FOREQUARTERS: Seen from the front, the front legs are straight and not placed too closely to each other. The forearm, seen from the side, stands straight and vertical. The slope of the shoulder blade is about 45 degrees to the horizontal.

Shoulders: Well laid back.

Upper arm: Close fitting to the body.

Forearm: Strongly developed and muscular.

Pasterns: Slightly springy, strong, not steep.

Front feet: Round, tight and well arched; pads hard; nails short, black and strong.

HINDQUARTERS: Seen from behind, legs straight and not too close together. When standing free, obtuse angles are formed between the dog's upper thigh and the hip bone, the upper thigh and the lower thigh, and the lower thigh and metatarsal.

Upper thigh: Moderately long, broad and strongly muscled.

Lower thigh: Long, strongly and broadly muscled, sinewy.

Hocks: Sturdy, well angulated hocks; not steep.

Hindfeet: Slightly longer than the front feet. Toes strong, arched, as tight as front feet.

GAIT: The Rottweiler is a trotting dog. In movement the back remains firm and relatively stable. Movement harmonious, steady, full of energy and unrestricted, with good stride.

SKIN: Skin on the head: overall tight fitting. When the dog is alert, the forehead may be slightly wrinkled.

COAT

HAIR: The coat consists of a top coat and an undercoat. The top coat is of medium length, coarse, dense and flat. The undercoat must not show through the top coat. The hair is a little longer on the hindlegs.

COLOUR: Black with clearly defined markings of a rich tan on the cheeks, muzzle, throat, chest and legs, as well as over both eyes and under the base of the tail.

SIZE AND WEIGHT:

Height at withers: For males is 61 - 68 cm.

61 - 62 cm is small

63 - 64 cm medium height.

65 - 66 cm is large - correct height

67 - 68 cm very large.

Weight: 50 kg.

Height at withers: For bitches is 56 - 63 cm.

56 - 57 cm is small

58 - 59 cm medium height.

60 - 61 cm is large - correct height

62 - 63 cm very large.

Weight: Approximately 42 kg.

FAULTS: Any departure from the foregoing points should be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to its degree and its effect upon the health and welfare of the dog.

- **General appearance**: Light, weedy, leggy appearance. Light in bone and muscle.
- **Head**: Hound-type head. Narrow, light, too short, long, coarse **or excessively molossoid** head; **excessively broad skull**, (lack of stop, too little stop **or too strong stop**). **Very deep frontal groove**.
- **Foreface**: Long, pointed **or too short** muzzle (**any muzzle shorter than 40 percent of the length of the head is too short**); split nose; Roman nose (convex nasal bridge) or dish-faced (concave nasal bridge); acquiline nose; pale or spotted nose (butterfly nose).
- **Lips**: Pendulous, pink or patchy; corner of lips visible.
- **Jaws**: Narrow lower jaw.
- **Bite**: Pincer bite. **Molars of the underjaw not standing in one line**.
- **Cheeks**: Strongly protruding.
- **Eyes**: Light, deep set. Also too full and round eyes; loose eyelids.
- **Ears**: Set on too low **or too high**, heavy, long, slack or turned backwards. Also flying ears or ears not carried symmetrically.
- **Neck**: Too long, thin, lacking muscle. Showing dewlap or throaty.
- **Body**: Too long, too short or too narrow.
- **Back**: Too long, weak; sway back or roach back.
- **Croup**: Too sloping, too short, too flat or too long.
- **Chest**: Flat-ribbed or barrel-shaped. Too narrow behind.

- **Tail**: Set on too high or too low.
- **Forequarters**: Narrow, crooked **or not parallel standing** front legs. Steep shoulder placement. Loose or out at elbow. Too long, too short or too straight in upper arm. Weak or steep pastern. Splayed feet. Too flat or too arched toes. Deformed toes. Light coloured nails.
- **Hindquarters**: Flat thighs, hocks too close, cow hocks or barrel hocks. Joints with too little or too much angulation. Dewclaws.
- **Skin**: Wrinkles on head.
- **Coat**: Soft, too short or long. Wavy coat; lack of undercoat.
- **Colour**: Markings of incorrect colour, not clearly defined. Markings which are too spread out.

SEVERE FAULTS:

- **General appearance**: **Too molossoid type and heavy general appearance**.
- **Skin**: **Skin at the head strongly wrinkled, strong wrinkles in the area of the forehead, the muzzle and the cheeks, strong dewlap**.
- **Gait**: **Sluggish action while trotting**.

DISQUALIFYING FAULTS:

- Aggressive or overly shy dogs.
- Any dog clearly showing physical or behavioural abnormalities shall be disqualified.
- **Behaviour**: **Anxious, shy, cowardly, gun-shy, vicious, excessively suspicious, nervous animals**.
- **General appearance**: Distinct reversal of sexual type, i.e. feminine dogs or masculine bitches.
- **Teeth**: Overshot or undershot bite, wry mouth; lack of one incisive tooth, one canine, one premolar or one molar.
- **Eyes**: Entropion, ectropion, yellow eyes, different coloured eyes.
- **Tail**: Kink tail, ring-tail, with strong lateral deviation,
- **natural bobtail**.
- **Hair**: Definitely long or wavy coat.
- **Colour**: Dogs which do not show the typical Rottweiler colouring of black with tan markings. White markings.

N.B.:

- Male animals should have two apparently normal testicles fully descended into the scrotum.
- Only functionally and clinically healthy dogs, with breed typical conformation, should be used for breeding.

The latest amendments are in bold characters.

URKA Inc. "Health Certification" Program

URKA has developed a program to educate and encourage our members and supporters to strive to better the breed through health testing prior to breeding.

To achieve this, we have 4 levels of "URKA Health Tested Certification" awards available for individual dogs.

Members are encouraged to apply for an award certificate upon obtaining passing results.

URKA Health Tested Certification Awards are as follows:

	BRONZE	SILVER	GOLD	PLATINUM
HIPS	#####	#####	#####	#####
ELBOWS	#####	#####	#####	#####
JLPP	#####	#####	#####	#####
HEART		#####	#####	#####
EYES			#####	#####
SE/ZTP			#####	#####
ADDITIONAL				#####

It is strongly encouraged that all members receive a ZTP or Standard Evaluation on their dogs when breeding is considered.

www.unitedROTTklub.com

info@unitedROTTklub.com

The SE (Standard Evaluation) is not a breed test. URKA Inc. Encourages all breeders to place SE on their breeding stock as URKA Inc. believes breeders should know the measurements of dogs they are breeding as well as eye colour. The SE ensures the dog has a passing hip and elbow rating, JLPP tested and is free of disqualifying fault under FCI standard. Puppy buyers are encouraged to only purchase pups whose parents possess either a SE or a Ztp. The dog must have a passing hip and elbow rating, have been tested for JLPP and have permanent identification (tattoo or microchip). Once the conformation and soundness qualifications have been met, the dog's traffic sureness is tested. This test includes a gun sureness test and a test to ensure the dog is stable around the public. If a dog has a SE and loses a tooth, the dog may still be bred and may also attempt the Ztp.

The Ztp (Zuchtauglichkeitsprüfung) is designed to select those Rottweilers who are worthy of being bred. The dog's conformation must be judged of breeding quality and free of disqualifying faults. The dog must have a BH, passing hip and elbow rating, have been tested for JLPP and have permanent identification (tattoo or microchip). Once the conformation and soundness qualifications have been met, the dog's temperament is tested. This test includes a gun sureness test, a protection test, and a test to ensure the dog is stable around the public. The Rottweiler Klub of North America Inc. strongly believes that these tests are vital to maintaining the Rottweiler in type and temperament and should be the foundation of any breeding program.

The KORUNG – Gekört (title) is designed to select those Rottweilers who are the best dogs in order to improve the overall qualities of the Rottweiler. Males must be IGP 3 and females IGP 1, must have an AD and three show ratings under two different judges of SG or better. The protection routine shall be the FCI IGP 3 protection routine. The IGP rule book can be downloaded from the URKA Inc. website.

The LIFETIME KORUNG - Gekört bis EzA (title) may be attempted 24 months after a dog has earned the Gekört is the highest breed suitability title available and is the lifetime breed suitability test. A dog must have sired/whelped two litters where all offspring are free of disqualifying fault according to FCI standard.

*****Korung is the event and the titles earned are Gekört and Gekört bis EzA*****

Working Class - to compete in this class a dog must have earned an IGP title which is an internationally recognized temperament test for the working breeds. The dog must pass a tracking test, an obedience test and a protection test. The exercises in all three phases of the 4 tests are designed to demonstrate the dog's natural drive to work for a handler as well as the strength of character that it takes to have those drives molded into a disciplined behavior. It is the goal of the Rottweiler Klub of North America Inc. to promote the working Rottweiler through the IGP sport.

URKA Inc. “Champion” Programs

ELITE Championship award revised in 2016 to match the requirements from the ADRK for URKA member dogs to enter the ADRK Klub Sieger.

Two points will be available each URKA show. To attain the URKA Elite Championship title, a dog must earn 4 points from URKA shows as follows:

- A. 1 point Best of Breed, 1 point Best of Opposite Sex
- B. The 4 points must be earned under 3 different judges.
- C. The points must be earned during a period greater than 12 months.
- D. The dog must be entered in the adult classes.

ADULT Championship titles may be made to the Community Affairs Committee. Copies of proof of points must be included. To attain the URKA Inc. Championship title, a member’s dog must achieve five (5) total points

- Mandatory 1 Point must be earned from a V1 rating at a URKA Inc. show from the adult classes.
- Mandatory 1 Point URKA Standard Evaluation (SE) or ADRK BSE *when obtained at an URKA event.* or URKA ZTP or ADRK ZTP (two points will be counted)

Additional points can be earned in the following ways:

- 1 point V1 rating at any URKA Inc. show
- 1 point Best Adult Male/Female, Klub Sieger/in, Youth Sieger, Youth Siegerin, Best Youth, Male/Female
- 1 point Best of Breed, Best Opposite Sex.
- 1 point SE title
- 1 point BH title
- 2 points Ztp (URKA Inc. or ADRK – only one Ztp may be counted for points)
- 2 points IPO/IGP 1 title
 - NEW - 1 point can be achieved by obtaining an AIRK and USRC ZTPs – (1 point only). Requirements are as follows the ZTP is completed to passing under an ADRK Judge the IPO/IGP 1/ADRK ZTP amended routine July of 2022 is followed and all other elements as per our policy match. The URKA ZTP program is the same as the ADRK program. The non-URKA ZTP procedure of verification would include providing a full video of the complete routine to be examined by a URKA Judge, IPO/IGP Committee Chair, or other as deemed suitable by the EB. ZTP passing documentation is equal to the URKA ZTP form. A certificate of passing will not suffice. (updated April 2022 EB vote)

YOUTH Championship points are available at each URKA Inc. show. To attain the URKA Inc. Youth Championship title, a dog must earn 3 points from club shows as follows:

- A. 1 point earned for each V1 rating awarded from the youth classes.
- B. 1 point earned for Best Youth award (Updated Oct 2019)
- B. The points must be earned under 2 different judges.

- This is a German style Sieger show.
- The event is being held outdoors, rain or shine.
- All dogs must be shown on a fur saver collar (no flat, pinch or choke collars).
- Dogs are shown in natural stance; no hand stacking is allowed. No food is allowed in the ring or as bait; toys may be used at the Judge's discretion. Double handling is encouraged. **The use of any IGP training and protection equipment is forbidden from being used while baiting dogs during shows, SE or ZTP. (ie: bite sleeves, whips or other forms of agitation equipment).**
- No dogs are allowed to be tied out at the show site or ringside.
- No dogs are allowed to be crated near the ring.
- Please use designated areas to exercise your dogs and clean up after them.
- Adult classes will be moved long enough for the judge to evaluate the movement.
- Your dog should know to show bite; sides, front and open wide.
- The dog must allow the judge to touch genitals and tail while standing.
- **Dogs must be on leash and under control at all times inside or outside the ring, including show grounds. Dropping the leash is not permitted. This is a safety issue concerning people and other dogs.**

Section 18B DQ – Pulled – Excused - Absent Defined

DQ – Disqualified by the Judge

Dog HAS checked in Dog HAS entered the ring

- If the DQ is for aggression or temperament, the critique ends at that point and dog leaves the ring.
- If the DQ is for reasons other than aggression or temperament (for example, missing tooth), at Judge's discretion the critique may continue as exhibition only for learning purposes of the exhibitor.
 - Critique IS completed at Judge's discretion *OR* to point of disqualification. Reason for disqualification is entered on the critique and the rating box is marked as DQ.

Pulled = Dog is not presented for Judging

Dog HAS checked in. Dog HAS NOT entered the ring *OR* Dog HAS entered the ring. Dog HAS NOT been presented to the Judge

- The owner may pull the dog at their discretion.
- Examples of reasons for pulling are: dog is limping, dog shows temperament not ideal for showing on that day, or illness.
 - Critique IS NOT completed. Critique states only that owner pulled and reason if given and the rating box is marked as **Pulled**.

Excused = Excused by the Judge

Dog HAS entered the ring Dog *MAY* or *MAY NOT* have been presented to the judge at the time of being excused

- Examples of reasons for being excused are: Judge cannot complete evaluation due to behavior, handler behavior, a temporary condition of the dog (if the dog has a limp the critique can continue except for movement), or Judge's discretion.
- This rating is also to be given if traces of operations or treatment can be observed which seems to indicate that the exhibitor wanted to deceive the judge. The same applies if the judge has ample reason to suspect operations that were intended to correct the original condition or feature (e.g.: eyelid, ear or tail)
 - Critique IS completed at Judge's discretion *OR* to point where dog is excused Critique ends with "Excused" and the reason and the rating box is marked as Excused.

AB = Absent

Dog HAS NOT checked in Dog HAS NOT entered the ring

Delayed = Late arriving dog

If a dog that has been entered into the catalog arrived late to its class but was presented to the judge as per section 17. Dog is to be recorded on critique as delayed for arriving late.
